Fill-Air Elite™

Inflatable Packaging System

The Fast And Flexible Solution For Inflatable Packaging.

Fill-Air Elite™ Packaging System

The Next Generation for Cost-Effective Void Fill

Increase Cushion Output For Multiple Stations

The automated Fill-Air Elite™ system provides a flexible batching option that enables operators to continually fill portable bins and deliver them whenever and wherever they are needed.

Compact And Versatile

Small footprint fits into any packaging area and can produce cushions for single or multiple workstations.

Easy To Use

Quickly inflates cushions from a continuous roll of perforated film. Minimal training required.

Automated Inflation Provides Cushions On Demand

A photoeye signal guarantees a supply of cushions. The system auto-replenishment mode automatically provides a continuous flow of cushions to increase productivity.

All Electric — Easy To Install

Just plug into a standard 110-Volt outlet to make inflated cushions. No shop air required.

Change Film Rolls In Two Easy Steps

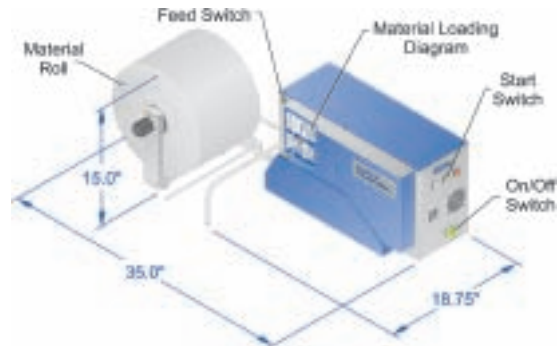

1. Slide off empty roll, slide new roll of film onto mandrel and screw on end cap. Place the mandrel into the roll cradle.
2. Feed the edge of material into the system and push feed switch to begin the inflation process.

A Wide Selection Of Standard Cushion Sizes

Bag	Size (in.)	Size (cm.)
Elite 200-5	8" x 5"	20cm x 13cm
Elite 200-8	8" x 8"	20cm x 20cm
Elite 200-12	8" x 12"	20cm x 30cm
Elite 250-5	10" x 5"	25cm x 13cm
Elite 250-12	10" x 12"	25cm x 30cm

Specifications

Overall Size (W x D x H): 18.75" x 35.0" x 15.0" .48m x .89m x .36m

Weight: 47 lbs. 21.4 kg.

Power Requirements: 110 V – Single Phase, 2A, 50/60 Hz

Assured Customer Appeal

Clear inflatable cushions provide attractive packaging compared to other messy and bulky void fill materials.
